

Generator Set

Unit #: 650KW

kW: 650

Make: Stewart and Stevenson

Model: 16V92GTD-650

Voltage: 277/480V

Phase: THREE

Frequency: 60

Fuel Type: DIESEL

Fuel Tank Cap.: 150 GAL

Enclosure: NO

Battery Voltage: 24

Battery Type: 8-D

Battery Qty: 2

Circuit Breaker Rating: 1000A

Unit removed October 2007 from a hospital in working condition to make way for larger unit. Annual maintenance by Stewart & Stevenson. Great running condition.

HOURS: 940.7 hrs.

Remote Radiator (loose) with electric motor-driven fan.

Stewart & Stevenson Autostart Control Panel, Analog.

La Marche Battery Charger.

Engine

Make: Detroit Diesel

Model: 16V-92T

Spec #: 8163-7305

Arrangement #:

Alternator: 24V

Block Heater: 2000watt universal

Starter Make: 50MT delco

Gov. Make: Barber Coleman 8400 series

Speed CTL Make:

Rad. Cap #: RC8

Generator

Make: Delco 650kW, 12 Lead

Model: E7046

Serial #: 1-L-79
